v. 7

MEMBERS

OF THE

Illinois State Board of Dental Examiners.

1888-1889.

R. N. LAWRENCE, President, Lincoln.

HOMER JUDD, Upper Alton.

C. A. KITCHEN, Rockford.

C. STODDARD SMITH, 103 State St., Chicago.

C. R. E. KOCH, Secretary, 3011 Indiana Ave., Chicago

To His Excellency, RICHARD J. OGLESBY, Governor of the State of Illinois:

Having been directed by the Illinois State Board of Dental Examiners to prepare and transmit to you the report of said Board, as required by law, I have the honor herewith to submit their seventh annual report:

Since our last report our Board has held two sessions, one at Cairo, May 7, 8 and 9; the other at Springfield, September 17 and 18 last.

At the Cairo meeting five candidates were examined, four of whom were found duly qualified and licensed. At the Springfield meeting eight candidates were examined, six of whom were licensed to practice.

During the year ninety-four licenses have been issued to holders of diplomas and others who showed proper qualifications.

In addition to this there are now three temporary licenses in force.

With this is submitted for your inspection a financial report, from which it appears that the total revenue of the Board has been \$108. Our expenses have been \$163.74, leaving a deficit of \$55.74 of actual expenditures over actual receipts, notwithstanding the fact that the members of the Board have paid their traveling and hotel expenses out of their private purses and have not received any pay whatever for the time expended.

Financial Statement from December 15, 1887, to December 15, 1888.

RECEIPTS.

By balance on hand last report.....	\$21 61
Received since from 86 licenses.....	86 00
Received since from 11 examinations and 8 licenses.....	22 00
Received loan from Dr. R. N. Lawrence.....	5 00
Received loan from Dr. C. A. Kitchen.....	5 00
Received loan from Dr. C. R. E. Koch.....	5 00
Advanced by the secretary.....	19 12
	\$163 74

EXPENDITURES.

Advanced to State of Illinois for printing sixth annual report.....	\$89 69
For postage and wrappers for distributing same.....	15 25
For expressage on same from Secretary of State.....	3 90
For postage on correspondence and expressage.....	14 20
For stationery and printing.....	18 45
For final court costs in mandamus case reported in last annual report.....	22 25
	\$163 74

The secretary of the Board, if paid for his services at the rate provided in section 9 of the act approved May 30, 1881, creating this Board, would have been entitled to a sum amounting to between \$400 and \$500. He has not only received no remuneration whatever, but in addition has been compelled to advance his private means to carry on the work, and look to the small \$1 license fees to gradually reimburse himself.

There is now due for money advanced by members of the Board, the sum of thirty-four dollars and thirteen cents.

The law requires the submission of an annual report to your Excellency, but last year we ourselves were compelled, by reason of the failure of the last legislature to make available an appropriation for printing, to pay for the printing of the sixth annual report, amounting to eighty-nine dollars and sixty-nine cents. The receipted bill for this amount, certified by the State Printer expert, is hereto attached.

I am instructed by our Board to request of you the recommendation of such legislation as will return that amount from the State Treasury to our Board.

The law makes it our duty to carry out the purpose and enforce the provisions of this act. We have striven conscientiously to perform our duty as well as our circumscribed means permitted, but we are convinced that the objects of this law, the protection of the people against incompetents and impostors, can not be fully achieved without a much increased revenue.

The people know that there is a law regulating the practice of dentistry, and naturally employ with confidence any one holding himself out as a dentist, because they assume he has passed the scrutiny and received the approval of the authorities provided by the State. We have been unable to make this security what it should be, by reason of insufficiency of funds to carry on prosecutions of illegal practitioners.

I attach to this report a schedule of the legal practitioners of dentistry in the several counties of the State, whose names are recorded on the "Book of Registration and License" of our Board. From this it appears that at the time the law went into effect, eight hundred and thirty practitioners were registered in the State. Since then three hundred and five licenses have been issued, making a total of eleven hundred and thirty-five names on our Book of Registry.

Of the three hundred and five licenses issued since the law has been in force, two hundred and seventy-one were granted to graduates from reputable colleges, and thirty-four upon satisfactory examinations by our Board.

I also submit a schedule of the graduates from dental colleges in our State, which shows one hundred and five graduates among the eight hundred and thirty registered dentists who were in practice prior to the passage of the law. This shows that of the dentists in practice before the law went into effect, only 12.65 per cent. had submitted their qualifications to a test by any authority, while of those who commenced to practice in this State since then, every one or 100 per cent. have given evidence of his qualification. This fact alone should be convincing as to the desirability of statutory supervision.

There is also attached to this report a table giving the nativity of the enrolled Dentists. Of the 830 in practice before the passage of the law, there were 77 of foreign birth, and 117 natives of Illinois. Of the 305 licensed since then there were 40 of foreign birth, including 11 Canadians, and 104 natives of Illinois.

The average age of the 820 registered Dentists is 44. Their average years in practice is 21, and their average years of practice in Illinois, 18½. 383 practiced before they came to Illinois.

The average age of the 305 licensees is 30. The average years in practice is seven, and their average years in practice in Illinois, three and one-tenth years. 140 practiced before they came to Illinois.

Thirty-eight of the names on the Book of Registry are holders of medical degrees.

With this report is also submitted a revised list of the legally qualified Dentists in this State, arranged alphabetically and also by towns, containing considerably over 1,100 names. In our last Annual Report it was stated that under the present method we had no means to know the annual losses by death, removal, and retirement, and our Board believe that it is essential, as well as desirable that there should be some provision in the law for an annual registration of every legal practitioner; with a fee of not less than \$1 nor more than \$2.

The license fee on diplomas to men beginning practice in this State hereafter, should be increased to not less than \$5 nor more than \$10. Examinations of candidates without diplomas for temporary licenses, which consumes two days' time of a member of the Board, ought to be increased from \$2, as it now is, to \$10; and examinations for permanent licenses by the entire Board should be at least \$10, and \$10 additional for license fee. By this means a sufficient revenue to properly execute the law, it is believed, could be realized without asking the State for aid from its treasury.

It is certain, in the light of the experience of the past seven years, that without an increased revenue, either from appropriation by the State, or the methods above suggested, the work expected of this Board can not be done satisfactorily either to the people or to the members of the Board.

This report has been submitted by me to every member of the Board, and meets their unqualified approval, and is very respectfully submitted for your consideration.

CHARLES R. E. KOCH,
Secretary.

AN ACT

To insure the better Education of Practitioners of Dental Surgery, and to Regulate the Practice of Dentistry in the State of Illinois. Approved May 30, 1881.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That it shall be unlawful for any person, who is not at the time of the passage of this act engaged in the practice of dentistry in this State, to commence such practice, unless such person shall have received a diploma from the faculty of some reputable dental college, duly authorized by the laws of this State, or some other of the United States, or by the laws of some foreign country, in which college or colleges there was, at the time of the issue of such diploma, annually delivered a full course of lectures and instructions in dental surgery: *Provided*, That any person removing into this State, who shall have been, for a period of ten years prior to such removal, a practicing dentist, and provided also, that any person holding the diploma of doctor of medicine from any reputable medical college, shall be entitled to practice dentistry in this State, upon obtaining a license for that purpose as hereinafter provided; and nothing in this act shall be construed to prohibit any physician or surgeon from extracting teeth.

§ 2. A Board of Examiners, to consist of five practicing dentists is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this act. The members of said Board shall be appointed by the Governor. The term for which the members of said Board shall hold their offices shall be five years, except that the members of the board first to be appointed under this act shall hold their offices for the term of one, two, three, four and five years, respectively, and until their successors shall be duly appointed. In case of a vacancy occurring in said Board, such vacancy shall be filled by the Governor.

§ 3. Said board shall choose one of its members President, and one the Secretary thereof, and it shall meet at least once in each year, and as much oftener and at such times and places as it may deem necessary. A majority of said Board shall at all times constitute a quorum, and the proceedings thereof shall at all reasonable times be open to public inspection.

§ 4. It shall be the duty of every person who is engaged in the practice of dentistry in this State, within six months from the date of the passage of this act, to cause his or her name and residence or place of business to be registered with said Board of Examiners, who shall keep a book for that purpose; and every person who shall so register with said Board as a practitioner of dentistry, may continue to practice the same as such, without incurring any of the liabilities or penalties provided in this act.

§ 5. No person whose name is not registered on the books of said Board as a regular practitioner of dentistry, within the time prescribed in the preceding section, shall be permitted to practice dentistry in this State until such person shall have been duly examined by said Board and regularly licensed in accordance with the provisions of this act.

§ 6. Any and all persons, who shall so desire, may appear before said Board at any of its regular meetings and be examined with reference to their knowledge and skill in dental surgery, and if the examination of any such person or persons shall prove satisfactory to said Board, the Board of Examiners shall issue to such persons as they shall find from such examination to possess the requisite qualifications, a license to practice dentistry in accordance with the provisions of this act. But said Board shall at all times issue a license to any regular graduate of any reputable dental college without examination, upon the payment by such graduate to the said Board of a fee of one dollar. All licenses issued by said Board shall be signed by the members thereof, and be attested by its president and secretary; and such license shall be *prima facie* evidence of the right of the holder to practice dentistry in the State of Illinois.

§ 7. Any member of said Board may issue a temporary license to any applicant, upon the presentation by such applicant of the evidence of the necessary qualifications, to practice dentistry, and such temporary license shall remain in force until the next regular meeting of said Board occurring after the date of such temporary license and no longer.

§ 8. Any person who shall violate any of the provisions of this act shall be liable to prosecution before any court of competent jurisdiction, upon information or by indictment, and upon conviction may be fined not less than twenty-five dollars, nor more than fifty dollars for each and every offense. All fines recovered under this act shall be paid into the common school fund of the county in which such conviction takes place.

§ 9. In order to provide the means for carrying out and maintaining the provisions of this act, the said Board of examiners may charge each person applying to or appearing before them for examination for license to practice dentistry, a fee of two dollars, and out of the funds coming into the possession of the Board from the fee so charged, the members of said Board may receive as compensation the sum of five dollars for each day actually

engaged in the duties of their office and all legitimate and necessary expenses incurred in attending the meetings of said Board. Said expenses shall be paid from the fees and penalties received by the Board under the provisions of this act. And no part of the salary or other expenses of the Board shall ever be paid out of the State Treasury. All moneys received in excess of said per diem allowance, and other expenses above provided for, shall be held by the Secretary of said Board as a special fund for meeting the expenses of said Board, he giving such bond as the Board shall from time to time direct. And said Board shall make an annual report of its proceedings to the Governor, by the 15th day of December of each year, together with an account of all moneys received and disbursed by them pursuant to this act.

§ 10. Any person who shall be licensed by said Board to practice dentistry, shall cause his or her license to be registered with the county clerk of any county or counties in which such person may desire to engage in the practice of dentistry, and the county clerks of the several counties in this State shall charge for registering such license a fee of twenty-five cents for each registration. Any failure, neglect or refusal on the part of any person holding such license to register the same with the county clerk as above directed, for a period of six months, shall work a forfeiture of the license, and no license, when once forfeited, shall be restored, except upon the payment to the said Board of Examiners of the sum of twenty-five dollars, as a penalty for such neglect, failure or refusal.

Those dentists who hold diplomas from reputable dental colleges can obtain licenses by proving their diplomas and paying the required fee for the same. Proper blanks for furnishing the required proof and all other information, will be furnished by the Secretary of the Board, on application.

All American dental colleges whose diplomas have been recognized by the Board, and which will be found on page 11 of this report, are now recognized as reputable. The Board reserves the right, however, to withdraw such recognition at any time from any college upon proof that said college has not fully complied with our requirements as set forth in the resolution of September, 1884, or with its own printed announcements.

Dental colleges whose graduates have not heretofore been admitted to practice in this State upon the license of the Board, and all foreign dental colleges, must furnish to the Board satisfactory proof of their reputability before their graduates can be licensed to practice in this State.

The following resolution was adopted at the annual meeting held in Springfield, September, 1884:

Resolved, That after June, 1885, The Illinois State Board of Dental Examiners will recognize as reputable *only* such dental colleges as require as a requisite for graduation, attendance upon two full regular courses of lectures and practical instruction, which courses shall each be of not less than five months' duration, and shall be held in separate years, with practical instruction, intervening between the courses. Such colleges must also require a preliminary examination before admitting students to matriculation; provided, that no certificate from a high or normal school or other literary institution is presented by the candidate.

Resolved, That in any case in which a diploma may be presented from any dental college which avowedly lives up to the above requirements and evidence is presented to the Board of any deviation from those requirements in the individual case before them, such diploma shall be rejected.

All persons not holding diplomas from colleges recognized by the Board as reputable, must appear for examination at meetings of the Board. If they desire to commence practice before the regular meeting of the board of examiners, they must apply to some member of the board for examination, for temporary license, which, if issued, will be valid until the next meeting of the board, at which time the person holding a temporary license must appear before the board for final examination.

No person will be entitled to such examination, however, who can not furnish satisfactory evidence that he has had three years' practical instruction in operative dentistry. Examinations will be conducted in writing in Theory and Practice of Dentistry, and Clinical Dentistry; Anatomy, Histology and Surgery, Physiology, Pathology, Therapeutics and Materia Medica, Chemistry and Metallurgy, Prosthetic Dentistry, Deformities and Hygiene.

Practical demonstrations in operative dentistry will also be required.

Seventy-five per cent. of the whole number of questions must be correctly answered to entitle a person to a license; *but* any candidate who fails to answer correctly seventy-five per cent. of the questions in either of the following subjects, namely: *Theory and Practice, Anatomy, Physiology, Pathology and Surgery*, even though his general average should be seventy-five per cent. on the whole number of questions asked, will *not* be entitled to a license.

No persons who are not registered on the books of the board, or who do not hold license, can legally practice dentistry in this State, and if they attempt to do so, will be liable to prosecution for such illegal practice.

The regular meetings of the board will be held on the third Monday of September, in the State House, at Springfield, and on the second Monday of May, at such place as the Illinois State Dental Society may meet, due notice of which may be found in the dental journals. The next meeting will be at Quincy.

All persons knowing of any dentist practicing in this State contrary to law should inform the Secretary of the Board, being careful to give the full and correct name and address of the person violating the statute. The names of witnesses, and the exact date on which the operations were performed and their nature should be given, in order that proper cases can be made up for prosecution. Anonymous communications should never be sent.

It is made the duty of our Board to "carry out the purposes and enforce the provisions" of the law. With a sufficient revenue, which it is hoped the next legislature will secure to us, it is the intention of the Board to prosecute all offenders against the law in the future, that come to our notice. Without the earnest co-operation of law-loving citizens and particularly of dentists, the Board will not be in a position to purge Illinois from the many illegal and disqualified men practicing dentistry within her borders. All registered dentists are requested to inform the Secretary of the Board of changes in their address, in order that the published lists shall be as nearly correct as possible.

CHARLES R. E. KOCH, *Secretary*,
3011 Indiana avenue, Chicago.
